# Important information

## Information Point and First Aid

During TOP Week, there will be an Information Point (IP) at all activities. At the IP, a member of the TOP organization will always be available to answer any questions you may have. First aid stations will also be available at all activities.

## TOP Headquarters

TOP Headquarters (HQ) is the central meeting point for the TOP organization during TOP Week. If you have any questions during TOP Week, you can go to HQ. If you can't make it to the Registration on Monday, you can pick up your TOP wristbands and TOP bag at HQ. The last moment for you to pick up your wristband is Wednesday before the TOP Cantus.

The location of HQ is the Koepelhal (Sporzone). In the event of an emergency, you can contact HQ 24 hours a day via the following number +31 6 42 09 21 70. For opening hours and the exact address, see page 35.

## TOP wristbands

During the Registration on Monday, August 21, you will receive your TOP Week wristband. This wristband gives you access to all TOP Week activities. The chip on this wristband also serves as your e-wallet throughout TOP Week. **Please wear the wristband throughout the whole week.**

If one of your wristbands breaks in the course of the week, you can get a new one at HQ. You will only be given a new wristband if you have your old (broken) wristband and a valid ID or passport with you.

If you lose your wristband or have cut it off, you will need to buy a new one. A new wristband costs € 40. It is not possible to buy a new wristband if the original one was taken away by the TOP organization.

**Please note:** The registration of exchange students and mentors will take place during the Registration Days on August 17 and 18.

### Alcohol policy

TOP offers a fun and diverse program which is also a lot of fun without alcohol. However, we will have to comply with the following legal rules under Dutch law.

- It is forbidden to sell or serve alcohol to people younger than 18.
- People under the age of 18 are punishable if they possess and/or drink alcohol in public places, for example, streets, pubs, train stations, or parks.
- The law does not differentiate between beverages with different percentages of alcohol.

#### Measures taken by TOP.

- Participants receive a wristband according to their age: pink wristbands for participants under the age of 18 and blue wristbands for participants of 18 years and over. **Without an age wristband, you will not be served at bars, so don't take off your age wristband before TOP Week 2023 has ended!**
- There will be a standard check on age wristbands at the entrance of TOP activities, bars, and student associations. The TOP organization, security and/or bar personnel are allowed to ask you for identification to verify your age.
- The organization and security and bar personnel will supervise the entire TOP Week and frequently check participants' age wristbands.
- If a participant under the age of 18 years is caught drinking alcohol at one of the TOP Week activities, they risk losing their TOP wristband and being banned from all TOP Week activities.

## Drugs policy

According to the Dutch Opium Act, it is legal to use and carry a certain amount of soft drugs. However, TOP does not tolerate the use of any drugs during TOP Week. It is forbidden to join TOP activities under the influence of drugs, have drugs with you, or sell them during these activities. Entry will be refused if there is a suspicion of any drug use. There will also be the risk of losing your TOP wristband if you break any of these rules. Security will be allowed to search mentors and participants if there is any suspicion. In case of possession of large quantities of drugs and/or suspicion/observation of dealing, you will be handed over to the police.

**Please note:** Drug use is not illegal in the Netherlands, so please call 112 if something goes wrong!

## Smoking policy

Please note that the Tilburg University Campus as well as the Tilburg University Sports Center have a non-smoking policy. This means that smoking is not allowed anywhere on campus or around the Sports Center. E-cigarettes are not allowed either. Besides that, it is also not allowed to smoke inside at TOP Week events or most locations in The Netherlands.

## WhatsApp group

As soon as your TOP Mentors know which students are in their group, they will create a WhatsApp group, approximately one week before the start of TOP Week. Through this group chat, you can make clear agreements with everyone about accommodation and already get to know each other a little bit. There are also a few activities that require registering via the TOP Week app. This applies to the Sports & Chill and the Graffiti Station. Once you know who is in your group, you can consult with your group which time slots or activities you want to join.

## Dinner

Mentors generally pick up the food for the whole group by scanning their chipped wristband. There are some activities where you need to pick up your own food individually. This applies to the Spoorzone Dinner on Monday and the (pre-)Master's Dinner on Tuesday.

**Please note:** drinks are not included in the dinners.

	Dinner
Monday	Wagemakerij
Tuesday	Student Associations or Tilburg University
Wednesday	Student associations
Thursday	Muzetuin @ festival
Friday	Student associations

During the TOP Festival on Thursday, there will be several food trucks where you can get something to eat during the Festival. You will also be able to pick up one free meal in the evening.

## Bicycle parking

During TOP Week, you need a bicycle to travel between the several activities. Places where you can park your bike during TOP Week are listed below.

Activity	Bicycle parking
Registration	Opposite of the Tilburg University Sports Center
Spoorzone Dinner, Chill On, Graffiti Station, All aboard, Final Stop	NS Bicycle Storage (open 05:35 - 01:00 each day)  Address: Willem II-passage 15
Explore 013 Fair, Master Dinner	Tilburg University Campus
Sports & Chill	Tilburg University Sports Center
TOP Cantus	Ireen Wüst Ice Rink

At all other activities, you can park your bike at the bicycle parkings at or near the location of the activity. **Please note that you should not fasten your bicycle to the removable fences!**

### OV-chipcard

To park your bike at NS Bicycle Storage, you need to check in with your *OV-chipkaart*, so make sure you bring that with you during TOP Week. If you do not have an *OV-chipkaart* yet, you can get one via [this website](#). For those who forget their *OV-chipkaart* or don't want one, loan cards are available. You can ask for one of those in the NS Bicycle Storage. If you don't park your bike for more than 24 hours, the NS Bicycle Storage is free.

In the managed bicycle parking facilities, the municipality works with so-called Bikey's. This is a (recycled) plastic pass equipped with a QR code, not linked to personal data.

When parking your bicycle in one of the bike sheds, you are required to have your Bikey scanned by the manager. When you pick up your bike, the manager will scan your Bikey again. When you enter a bike park for the first time, you will receive a free Bikey. Attach this Bikey directly to your keychain so that you always have it with you. This Bikey can be used indefinitely and is valid in all municipal bicycle parking facilities.

Please make sure you and your group download the TOP Week app. You need to log in once to see your personal program.

**You will receive an e-mail to activate your account in the week before TOP Week. Before this you cannot log in.** It is important that you activate your account right away once you receive the e-mail to do so, since there are a few activities that require registering via the TOP Week app. If you haven't activated your account before the Registration on Monday, your wristband cannot be connected to your account.

# Payment system

During TOP Week 2023, you can pay for beverages by using your wristband. The system is cashless. We do not use tokens anymore. A week before the start of TOP Week 2023, you will receive an e-mail to create a Tactile account for the TOP Week app. Once you create your account, you will be able to log into the TOP Week app and top up your balance.

## The purposes of the wristband

The bartender will place the order on your account and the money will be credited to your account. There are a few activities where it isn't possible to pay for drinks with your wristband so make sure you and your group always have your bankcard and/or some cash with you.

Activities where your chipped wristband is not accepted: Meet the Big Four, Pub Crawl, and Outdoor Cinema.

### Picking up dinner

With your wristband, you will be able to pick up your dinner during the Spoorzone Dinner and the Master Dinner. During all other dinners, your mentors will pick up the food.

### Lunch

Lunch is not provided by TOP Week. In the TOP app, you will receive vouchers for multiple lunch places in the city. Here you can buy your own lunch at a discount.

### Checking in at events

To improve the TOP program each year, we are interested in the number of participants showing up at our events. Therefore, we kindly ask you to check in using your wristband at the following events: Spoorzone Dinner, (Pre-)Master Dinner, Meet the Big Four, Outdoor Cinema, TOP Cantus, Graffiti Station, TOP Beach Bar and The Final Stop.

## How do I top up my balance?

1. Download the TOP Week app
2. Log in to your account with the login credentials you received via email
3. Go to 'Tokens'
4. Top up your balance with the following payment methods: iDEAL, Credit Card, or PayPal

In case you have any questions or difficulties with topping up your balance in the app, there are still some Payment Help desks during TOP Week at some activities, namely: Spoorzone Dinner, All Aboard, Explore 013 Fair, TOP Cantus, TOP Festival and The Final Stop.

## Refunds

After TOP Week 2023, the money that is left in your account will be automatically refunded to your bank account. So, make sure that you don't have an empty balance and top up your balance in time. It is not possible to get your money refunded during TOP Week.

# TOP goes green

The TOP Foundation aims to be as sustainable as possible during the introduction week and during the preparations of TOP Week. TOP tries to create awareness within the organization on how to behave in an environmentally friendly way and to be as sustainable as possible. TOP is contributing to a healthy environment in the following ways.

- As compared to previous years, TOP has reduced printed pages. We achieve this by not printing program booklets and not putting any other printed booklets in the TOP goodie bag;
- All leftover food goes to the food bank: *Broodnodig*;
- We stimulate students to ride their bikes to every event during TOP Week.
- The TOP goodie bags are printed without a date so we can reuse any left-over bags for the following editions;
- Whilst registering, the standard food option is vegetarian food. Participants and mentors actively have to select it if they want to eat meat;
- We use a cashless payment system, which means we don't use tokens;
- We use a recycle system for all plastic cups at our events. This causes less waste;

What can you as a participant do to be more sustainable?

- Bring your own reusable water bottle which you can fill at several water points throughout TOP Week;
- Download the TOP application where you can find all the information you need, an alternative to printed program booklet;
- Pick up your own garbage and throw it in the bins;
- Try to stimulate your group members to do the same;
- Use your bike to go to every event during TOP Week.

# Program explained

## Parallel and additional activities

At certain times in the program, you will have the option to choose what activity you want to go to. If the program has two activities at the same time, you can either choose one or opt to combine the two, for instance, by going to the first and joining the second program item a little later. In that way, you are more in control of how you spend your TOP Week. You can choose together with your group which activity you want to visit or whether you want to split up into two groups and go to different activities.

## Registering for activities

There are some activities that you and your group can add to the program and/or for which you need to register via the TOP Week app. Below you can find the activities that you can add and/or that need registering via the TOP Week App.

### Outdoor Cinema (Tuesday, 20:30-23:00)

During this activity you can chill and watch a movie and enjoy some popcorn with your friends. No registration necessary

### Sports & Chill (Wednesday, 10:00 - 13:00)

You can choose from many different sports.

Registrations open on Monday, August 21, at 12:00

### Graffiti Station (Wednesday, 14:00-17:00)

Registrations open on Monday, August 21, at 12:00 and close on Wednesday, August 23, at 13:30.

## International Meeting Point

During TOP Week, Hostel Roots will be open until 21:00 hrs. as a meeting point for international students. Hostel Roots has a relaxed atmosphere and is a great place to meet new people, play games, and have a drink.

## Meet The Big Four and (Pre-)Master's Dinner

Each day, except Monday, your group will be able to get to know one of the student associations in Tilburg. You and your group will be assigned to go to either T.S.R. Vidar, T.S.C. St. Olof, ESN or T.S.V. Plato. At the association, you and your group will get a tour of the premises and on Tuesday, Wednesday and Friday you will eat dinner there. You also have the possibility to register to become a member of the association if you are interested. You can see which association you will be visiting each day in your personal program in the TOP Week app.

For (pre-)Master's students, there is an alternative (pre-)Master's Dinner on Tuesday. This is a sort of network drink, where you will be able to speak to some interesting companies. Thereafter, dinner will be served.

**Please note:** Make sure to go to the association you are assigned to. If you go to the wrong association, you won't be able to pick up dinner and you won't have the opportunity to see all associations.
